**Subject:** ScienceHub Data for NERL

Hi Dan,

I pulled data from ScienceHub and imported it into the spreadsheet I used to track NERL status. This may need some explanation, but you can take a look and then we can chat. I've thought about breaking out the summary statistics by FY, but didn't get that far yet. The "All" tab data are sorted by FY. Note that this is based solely on data directly from ScienceHub. I have not attempted to reconcile it in any way with the data Jerry Blancato distributes.
